## Now for a SCHOOL OUTFIT

For the Boys

During his vacation a strenuous boy (and most boys are strenuous) makes his clothes look like 30 cents.

—He slides down grandpa's cellar door and such other inclined planes as come within his vacation surroundings, dealing destruction to the seat of his trousers.

—He shins trees if any are in sight. He crawls through barbed wire fences and his mother finds three-cornered trade marks in his vacation outfit. Perhaps his mother scolds; but it is too late to prevent the presence of the said barbed wire trade mark.

If he is made of the kind of stuff that develops into a smart man he forgets his clothes and thinks of every other thing that has fun in it.

—His clothes suffer thereby.

—What are you going to do about it?

—Only one thing to do.

Get him new clothes and when the mother hears the musical junk merchant chanting "Rags! Rags! Any Old Rags!" boom his business by giving up the relics of the boy's vacation outfit.

—Remember that the only "one best place in Lawrence" to get that new School Outfit is at

### LOCAL NEWS.

If you see it in the Townsman, it's news to be relied upon; if it is news and so, you'll see it in the Townsman.

Schools open Monday, September 10.

The selectmen held a meeting Monday and transacted routine business.

Abbot Academy will open for the new school year on Thursday, Sept. 20.

The Andover Guild nine and the Hustlers will meet on the diamond Saturday afternoon.

Harold Milledge and family of Lawrence have moved into the Marland house on Chestnut street.

The Andover and Everett association football teams played a draw game, 1 to 1, Saturday at Everett.

Several Andover people attended the Retail Clerks Association outing at Canobie Lake park Wednesday.

An apple tree branch bearing blossoms and fruit was brought into this office by Miss Waldo of Scotland District.

John O'Connor has entered the employ of Bert Parker, foreman of the George Ripley farm on Abbot street.

The Lawrence and Merrimack Cricket teams will meet on the Andover crease Saturday afternoon in a league contest.

William H. Knipe, the plumber, has purchased a new horse and wagon. The wagon was made by Morrison & O'Connell.

Batters were put up today for the new house to be erected by John McCarthy on North Main street. The house will be built by Hardy & Cole.

Among the real estate transfers recorded at the registry of deeds in Lawrence last week was that of Minnie M. Swanton to Barnett Rogers.

A reunion of the descendants of Samuel Reed, who was a native of Grafton, N. H., will be held at the Free Baptist church in Lawrence on Labor day.

The hydrant at the corner of Main and Essex streets blew out Wednesday washing down the lower portion of the Square before the stream of water could be turned off.

Thomas Bentley, on account of many recent requests, has decided to run another deep sea fishing party. He has secured the services of the Letter D. Capt. Haley, of Swampscott.

The Andover Cricket Club will hold a special meeting in Abbot Village Hall, this evening, at 8 o'clock sharp. All members are requested to be present as important business will be transacted.

Tokio II, a Boston terrier formerly owned by Dr. Hiland F. Holt of this town and now the property of Councilman Billier of Boston, won first prize at the dog show recently held at Asbury Park, N. J.

Cotton blossoms in Andover are somewhat rare, but Miss Harriet G. Dodson has a number of plants in blossom in her garden in Fry's Village. There are only one or two instances of cotton plants blooming in Andover before.

The annual regatta of the Lawrence Canoe Club will be held on the Merrimack river at Lawrence, Saturday afternoon, Sept. 8. L. D. Sherman, Henry M. Bodwell and Alexander Ritchie of this town are on the committee in charge of the event.

The entrance examinations for Phillips Andover academy will be held on Wednesday, September 19. Recitations for the two lower classes will begin on Thursday, Sept. 20, and recitations for the two upper classes will begin Friday, Sept. 21.

Miss Alice Cox will leave for St. Johns, N. B., Sunday, to play with the Boston Ladies' orchestra, of which she is a member, at the exposition to be held there. "The Bostonians" is one of the leading women's musical organizations of the country.

Miss Katherine L. Moynihan, the well known teacher in the Cole school, Berlin, N. H., who was one of the winners in a European tour contest, has arrived in town. She reports an excellent time. Among the countries visited were England, France and Switzerland.

The rare sight of the blossoming of a night blooming Cereus was witnessed by many friends of Mrs. W. A. Allen, Tuesday evening at her home on Chestnut street. The beautiful plant was in bloom from 8.30 till midnight. Another blossom opened Wednesday night when the plant was on exhibition at Mr. Allen's drug store.

The descendants of John and Priscilla Alden of Plymouth colony, who have united in the association known as the Alden Kindred of America, will hold their sixth reunion at the Church of the Pilgrims, Plymouth, on Wednesday, Sept. 5. The literary exercises will commence at 10 o'clock in the forenoon, after which there will be ample opportunity for visiting many places of historic interest and for becoming acquainted. By invitation of John W. Alden the special train will stop at Duxbury in order that the members of the association may visit the Alden house in that town, which was built in 1653 and the site of the original house erected by John Alden. John Alden of Puncbard avenue is a member of the association.

"Second Crops" are running especially fine this year, but the unusual was never so noticeable as it is in the second crop of peas which foreman Shea of the Prospect Hill farm made to the editor with the season's compliments.

Frank Spencer, who claimed to belong in New York, and who was held for the grand jury at the district court in Salem Monday on a charge of picking pockets Saturday night, has been identified at the Salem jail, where he was taken to await the action of the grand jury, as Hugh Boyle of Andover. Boyle, according to the record at the jail, has served time at that institution for larceny from the person, which is the form under which pick-pockets are arraigned. He was also an important witness, some time ago, in a manslaughter case in Lawrence.

"Out on the Deep"

"Fisherman's Luck" by D. L. Coutts, the Townsman Scribe. Published at York Beach. A twenty pounder, to Joseph W. Whittemore of the Andover Press Composing Room, shows Dave can use the hook.

Just before going to press the following postal came to hand:

Dear Joe:  
I am sending you by Am. Ex. a cod caught on the boat by David Lindsay. It was the prize fish and won the pool. I caught 7 dog fish, a cod and a haddock, but the largest one weighed 9 pounds.  
D. L. COUTTS.

A little mix-up in the "Dave's", but that's a family matter.

## CRICKET

## LOCAL CRICKET TEAMS DEFEATED SATURDAY.

Lawrence went short handed to Everett Saturday, but put up the excellent total of 84. McIntyre leading with a well-played 21. Everett found no trouble in passing this total, as Murray put in some of his longest hits and ran up 49 in quick order. Marriott, Southam and Bunton rendered material assistance, and the game terminated with Everett having 89 runs for only three wickets down. The Lawrence bowlers were all pretty freely, and Calder's 3 for 13 for Everett was the best of the match. The score:

## BOSTON 53; LYNN 46.

Boston and Lynn Wanderers played a close game at Franklin field Saturday, which the home team finally landed by 53 to 46. It was a bowlers' contest all through, the Bennett brothers and Young bowling a magnificent game, excelled only by the fine work of Fairburn and Keen.

Boston batted first, and good defence and clean hitting was shown by several men. Hood putting up 16 by good strokes, and Capt. Keen playing a very patient inning with the game apparently going against him. He was last but one out, and had brought the total to 53.

Lynn Wanderers began rather badly, losing 3 for 11, when Pemberton and E. Bennett brought it to 25. John Bennett hit out in good style for 14, but the Boston men were holding tightly to the game, wickets fell rapidly, and all were out at 46. Fairburn had 6 for 27, Keen 3 for 12, S. Bennett 4 for 15, E. Bennett 2 for 23 and Young 2 for 32. The score:

## SARDINE CROP SHORT.

From the Bangor News.

Best informed authorities on the situation in Maine sardines state that the total 1906 pack to date is between 400,000 and 500,000 cases short of the total number to this date last year. A. S. Treat, the travelling representative of a canning company who passed through Bangor Monday after a two weeks trip to Eastport and other packing centres, said:

"The sixty odd factories in Maine are not getting enough fish to keep one factory busy. The packers, however, are putting up a better class of goods than usual. The sardines are very fat, but the fish run large; counting four to eight fish to the can. The fish seem larger this year than usual. Most of the fish now coming in are being packed in key opening cans."

A consensus of opinion among the fishermen and canners is that if they do not get fish by August 20 the prospect for a pack this year will be extremely poor. It is estimated so far that the pack is more than 400,000 cases short of the catch to this date last year. Some of the fishermen say that so long as the dogfish stay on the coast there will be no pack of sardines or mackerel. The dogfish eat the sardine herring. The fishermen say that the dogfish are thicker this year than formerly."

Our boys' pant cloth remnants are not the ordinary cotton and shoddy mixtures. They are the finest worsted fancies and all wool men's wear serge. Farr's Remnant store, 38 Appleton street, Lawrence.

## The Revolution in Cuba.

Word came from Havana that dozens of prominent leaders of the Liberal party in Cuba had been arrested on the charge of conspiracy against the government and plotting to assassinate President Palma. Among those arrested was Jose Miguel Gomez, ex-governor of Santa Clara province, who was the opposing candidate to President Palma and leader of the Liberal party.

Government troops were rushed by train to Pinar del Rio province, where the largest force of rebels were

General Bandera.

commanded by Pinar del Rio. Meantime revolts had broken out in other parts of the island, and the rebels, led by General Quintin Bandera, the veteran negro fighter, were surrounded by a body of government troops near Havana. Bandera and two of his men were slain.

The Palma government, now thoroughly alarmed, appealed to the government at Washington for the loan of machine guns and artillerymen. The revolution has revived much talk of seeking annexation to the United States.

## France's Answer to the Pope.

The official reply of the French government to the pope's encyclical on the separation of church and state was issued by M. Clemenceau, minister of the interior, in the form of a circular, all prefects to carry out the laws definitely closing educational religious institutions.

## Spread of Crime in Russia.

The increase of murders and assaults in the streets of Russian cities since the beginning of the revolutionary movement has been enormous. During the last week alone the revolutionists killed 172 government officials and seriously wounded 42. Besides this the police discovered 120 bombs, 12 illegal printing plants and many collections of suppressed editions of various newspapers. There were 276 arrests for political offenses during the week. The fighting continues between the Tartars and the Russians in the southwestern section of the Caucasus bordering on the Persian frontier.

## Ecuador's New Tariff Law.

The state department has received a copy of the new tariff law which Ecuador will put into operation Nov. 1. It includes reductions on metals shipped from the United States from 4 to 1 cent a pound. The president is allowed to import \$10,000 worth of goods free for his personal use and the cabinet \$5,000 each.

## Work of Pan-American Congress.

The declaration for the Drago doctrine against the use of armed force for the collection of public debts was finally adopted by the pan-American conference, including the suggestion that all the countries ask The Hague tribunal to pass upon the merits of the proposition. Preparations for adjournment were then made.

## Root Pledges Drago Doctrine.

A great banquet was given at Buenos Ayres in honor of Secretary Root, the government officials being present and many leading business men to the number of 700. Senator Drago, ex-minister of foreign affairs, proposed the health of President Roosevelt, Secretary Root and the people of the United States and said that the moment was propitious for drawing the bonds of amity between the two nations. In his reply Secretary Root said the United States never had employed and never would employ her army and navy for the collection of debts contracted by government or private individuals. He was an advocate of arbitration and all other measures making for peace. His words were received with great enthusiasm, and flowers were showered upon him from all parts of the house.

Mr. Root announced his intention to make only a brief call of condolence at Valparaiso on account of the earthquake disaster instead of the more extended visit which he had planned.

## Serious Strike in Spain.

Just as the king and queen of Spain arrived at Bilbao on their return from England, where the king took the prize in clay pigeon shooting, the miners' strike reached a crisis, and 60,000 workmen quit work, the effort being made to declare a general strike. They demanded shorter hours, and attempts at arbitration appeared futile.

## Home Rule For Ireland.

Coincident with the arrival of Timothy Healy, the well known Irish member of parliament, at New York it was definitely reported that the Liberal government, with the consent of the king, had decided to introduce at the next session of parliament a thoroughgoing measure of home rule for Ireland, with an Irish parliament at Dublin and manhood suffrage.

## Revision Wins in Nebraska.

The Nebraska Republican convention at Lincoln named Morris Brown, the state attorney general, for United States senator, and State Senator George L. Sheldon for governor. Both men stand for limitation of corporate powers. The platform demands direct primaries and tariff reform by Republicans only.

## Illinois Stands by Sullivan.

The Illinois Democratic convention at Peoria refused to follow the dictum of W. J. Bryan as to the dismissal of Roger Sullivan from the Democratic national committee. Sullivan with a solid delegation from Cook county was in complete control of the convention, and the motion demanding his resignation was rejected nearly two to one. At the same time the convention carried out its purpose of endorsing Bryan for president in 1908.

## Hearst Defines His Attitude.

In an address at Salem, Ind., William R. Hearst said that blind party allegiance tends to interfere with the aims and objects of our government and is responsible for most of the political evils under which we suffer. These evils would never be remedied until the people vote for men and measures irrespective of party.

## He declares that no longer does the word Democracy define any definite doctrine, nor the word Republican express any particular principle. He says it is an axiom that the corporations never support a man whom they do not expect to use.

The last vacancy on the reconstructed interstate commerce commission has been filled by the appointment of James S. Harlan of Chicago, the other new members being Franklin K. Lane and E. E. Clark. Mr. Harlan is the son of Justice Harlan of the supreme court.

## Roosevelt For Spelling Reform.

The report came from Oyster Bay that President Roosevelt had decided to have the public printer publish all official documents, including the president's message, in accordance with the spelling recommendations of the Carnegie reform committee headed by Professor Brander Matthews of Columbia university. Immediately all executive correspondence will be spelled on the same plan.

Up to the present time the reforms advocated have been of the less radical sort, such changes as "thru" and "the" being made for through and though. The reformers have been standing pat on the more complicated words of the language, but it is believed that the president's conversion will give great impetus to the movement. He believes that the straightening of the orthographic tangle of the language will render it so easy for foreigners to write English that its use may become almost universal and supplant French as the language of diplomacy.

## Against Enforcing Rate Law.

Melville E. Ingalls, the banker and railroad man, said to the Ohio Bankers' association that if the new railroad rate law were to be enforced the result would be financial disaster, and profitable management of railroads would become so difficult that eventually government ownership would be forced upon the country.

## The Treasury Buying Silver.

The treasury department has begun purchases of silver bullion for subsidiary coinage, and Director of the Mint Roberts says that the growth of the country's business requires that over \$5,000,000 in small coins be put in circulation each year. It is estimated that 100,000 ounces of silver a week for a long time to come will be needed. It is preferred to buy in small quantities, so as not to disturb the silver market.

## Jerome to Run For Governor.

District Attorney Jerome of New York city gave out the following announcement: "In the present shameful condition of our political life in this state I am willing to run for the office of governor of the state if the Democratic convention shall nominate me without any understanding, expressed or implied, other than that, if elected, I shall obey my oath of office as I understand it in letter and spirit." This is expected to bring about a sharp alignment between the conservative Democrats and the radicals who believe in Hearst, and it is understood whichever man gets the nomination the other will run independently.

The situation was further complicated by a break in the lines of Tammany when a friend of Mayor McClellan, O'Brien, came out for Jerome and Leader Murphy virtually declared himself for Hearst. Promptly Mr. Jerome delivered a scathing rebuke for both Murphy and Hearst, saying "birds of a feather flock together" and describing Hearst as "a person intellectually

sterile, socially vulgar and morally obtuse" who "insults the decent people of the state, irrespective of party, by seeking the nomination of a political party by advancing dollars and not ideas and by methods akin to those of the blackmailers." He said the fight was to free parties of just such men as bosses.

At the same time Hearst reiterated his previous assertion that he had no alliance with Murphy or McClellan, but was opposed to boss rule and corruption. He referred to the Roosevelt demand for a square deal and said that to have a square deal the people must have a new deal, as "nearly all the cards in the old political packs are marked by the corporations and dirty and dog-eared from the corrupt uses to which they have been put."

He declares that no longer does the word Democracy define any definite doctrine, nor the word Republican express any particular principle. He says it is an axiom that the corporations never support a man whom they do not expect to use.

## Roosevelt's Campaign Letter.

President Roosevelt in a long letter to Representative James E. Watson of Indiana, the Republican whip of the house, refers to the phenomenal amount of good work accomplished by the last house under Cannon's speakership and points out that a change of organization would bring confusion upon those engaged in working out a scheme for the betterment of social, industrial and civic conditions. He says it is easy to play the demagogue by denouncing the evils of wealth and to be an obstructionist, but that it is not easy to disregard the self interests of those who have profited by the present evils, which he believes the present congress has done. He believes that the question of revising the tariff stands apart from that of dealing with the trusts. He insists that his party favors trades unions as indispensable instruments in the economic life, but when they are guilty of abuse he does not propose to weaken the remedial powers in dealing with them.

## Printers Indorse Candidates.

The resolution indorsing W. R. Hearst was rejected by the convention of union printers at Colorado Springs, but in its place a resolution was adopted commending all legislators and editors who have exerted themselves in behalf of union labor.

## Tom Johnson Turned Down.

Congressman Garber became the recognized leader of the Ohio Democracy when the state central committee was organized at Columbus on Aug. 21, in which Mayor Johnson of Cleveland was able to control only four of the twenty-one votes. The state convention named Samuel Hoskins for secretary of state and refused to adopt the local option plank.

## Hoke Smith to Govern Georgia.

By an overwhelming majority the Democrats of Georgia have nominated Hoke Smith, who was secretary of the interior under Cleveland, for governor. He carried nearly all of the 145 counties. His principal opponent was Clark Howell, editor of the Atlanta Constitution, who one year ago challenged him to the contest. During the campaign both candidates indulged in bitter personalities. Smith charged Howell with representing the railroad ring and Howell accused Smith of very shady dealings, including the acceptance of favors from J. P. Morgan. Smith had never before been a candidate for office.

## Ungle Joe's Boom Started.

Citizens of twenty-five states residing at Washington held a meeting to organize the "Uncle Joe Cannon presidential boom." Thousands of Cannon buttons have been ordered for distribution. They bear his picture and words attributed to the president, namely, "Mr. Speaker, you will be the next president." The Illinois Republican convention nominated minor state candidates and indorsed Speaker Cannon for the presidency.

## NOVEL SMOKE STACK AT GAS COMPANY PLANT.

Another new and most conspicuous architectural feature has been added on the southern bank of the Merrimack river in the vicinity of the Duck bridge.

Wednesday morning the Weber Steel Concrete company completed a stately concrete chimney at the power station of the Lawrence electrical plant on the south canal. This immense concrete tower measures 190 feet in height and eight and one-half feet in diameter. The foundation is laid 15 feet below the ground surface and is 65 feet high, making the total visible height 175 feet. The base consists of a double wall, each section being four inches thick with a four-inch air space between. The remaining chimney wall is five inches in thickness with the exception of the cap which widens and then tapers.

The work of constructing this stately smoke tower was completed in 51 days by Foreman C. A. Johnson of the Weber Steel-Concrete company of Chicago and his six assistants. It is the second of its kind in this city, as one of the same structure was recently completed at the Arlington mills by the same concern. Foreman Johnson stated Wednesday that the steel concrete chimney was really a masterpiece of the brick or stone chimney as it was far more durable, as well as cheaper. These new structures are now in great demand in all parts of the country and although the work is of a new kind of construction the Weber Steel-Concrete company have completed about 350 of this pattern. The highest chimney constructed of this material measures 350 feet and is located at the Standard Oil works at Harrisburg, Penn.

The staking is now being removed from the recently completed chimney and the construction gang is to leave this week for Worcester where a similar chimney will be constructed for the American Wire company of that city.

The new structure is a model of its kind and since the work was begun many people have taken much interest in its construction and with pride they admire the completion of the steel concrete chimney.

## STATE FORESTER HAS RESIGNED

BOSTON, Aug. 29.—It was announced at the state house yesterday that State Forester Alfred Akerman had resigned and that the governor had accepted the resignation. Mr. Akerman's recent election to the Peabody chair of forestry in the university of Georgia is responsible for the resignation. In his letter to the governor, Mr. Akerman said:

"I do not leave the service of the commonwealth because of dissatisfaction with my work. On the contrary, I have enjoyed my service in the university of Georgia and I am glad to leave it. Nor does the place in Georgia carry larger salary. But I believe that it offers better opportunity to forward the cause for which we foresters are working, and I feel it my duty to go."

In replying the governor said:

"I regret extremely to have received your resignation as state forester. Our service has been thoroughly satisfactory in every way and we shall regret to lose you. I congratulate you most heartily on the high compliment paid you by the university of Georgia and wish you every good fortune in your new position."

Mr. Akerman was appointed state forester by Gov. Bates in 1904 upon the creation of the office. He was state forester in Connecticut at the time of his appointment in Massachusetts.

## RUGS

In these days of modern improvements and hard wood floors the carpet rug is in great favor. It is cheaper than the regular carpet and often times handsomer. Then again, it's nothing to put down; anyone can do it, and during house cleaning time the hardest task of all is entirely eliminated. Carpet Rugs are fashionable, and they've come to stay. Our exhibition embraces 200 or more patterns in Wiltons, Body Brussels, Tapestry Brussels and Smyrnas.

## TAX COLLECTOR'S SALE

ANDOVER, MASS., Aug. 17, 1906.

The owners and occupants of the following described parcels of real estate situated in the town of Andover, in the county of Essex and Commonwealth of Massachusetts, and the public are hereby notified that the taxes thereon severally assessed for the years hereinafter specified, according to the list committed to me as collector of taxes, remain unpaid, and that the smallest undivided part of said land sufficient to satisfy said taxes, with interest and all legal costs and charges, or the whole of said land if no person offers to take an undivided part thereof, will be offered for sale by public auction at the Town House in said Andover, on Monday, Sept. 10, 1906, at three o'clock P. M., for the payment of said taxes with interest, costs and charges thereon, unless the same shall be previously discharged.

The property taxed to the estate of William Merrill, consisting of thirteen acres, more or less, known as the Gray Land, in the North District of Andover, Mass., bounded and described as follows: On the North by lands now or once of Lusecomb heirs and now once of Goldsmith; on the east by land now or once of Goldsmith; on the South by land now or once of Jo. hua Phelps, and on the West by land of Toye Also six acres, more or less, known as the Meadow lot, in the North District of Andover, Mass., as bounded and described in a deed from Jona Abbott to Stephan Harday, Jr., dated February 26, 1842 and recorded in Essex South District Registry of Deeds, book 340, page 46. These taxes are for the years 1897, 1898, 1899, 1900, 1901, 1902, 1903, 1904 and 1905, and the total amount on the two lots taxed, is fifty-three dollars and fifty-three cents (\$53.53).

GEORGE A. HIGGINS, Collector of Taxes, Andover, Mass.

### Presidents' Proklamashuns.

The latest nuz from Washington indicates that Prez. Ruzyvelt iz very much plegzed with the resposhun given hiz recent order about spelling. He iz so enkuraged that he will sun tell his subjects sun other things ths ot to doo. Az suggestions ar in order, but not to be followed, it haz seemd to us that the following ma be thuly. Furst it iz reely essenshul that all Amerikun men shud ware ther berds the sam, and the prezident shud order evry man over twenty to shave daly, exsept his upper lip. Then woodn't it luk better if evry buddy wore the sam kullered shoes? We think it wood, and the pres. ort to tell us what the kuller shood be. We hev persunally long objektet to the wa arithmetik is tort. The idea that too and too makes fore is redikulus. Too and too shud make ten. Awl ov us wood then be lots richer, and in the kumng strenuous kampan to hold a republikan kongress, that wood kount big for republikan prosperity. Let the prezident chang the arithmetik the very nekst thing he duz, it wood be the biggest hit uv his lif.

We think it wood be pretty nis if the tide roiz the sam time evry da, and wood sugst that Prez. Ruzyvelt fiks that. Uv kors it iz a little urly to sugst havng a regulyr tim for sun rise, or for kalling for a full moon evry nite, but tha will shurely kum with the thurd term. Menwhil we are glad we didnt study spelling eny harder, kos evrybuddy kan spell now.

### Editorial Cinders.

The figures of the assessors show some changes but in the total mark a slight gain. To be exact \$40,500 is the aggregate increase in assessable property, nearly all represented in the real estate column. It is probably the smallest increase for several years and is much smaller than is assured for 1907 as the new railroad station and the Andover Press building will together add more than that for the coming year. People are beginning to realize that there is little likelihood of a cheaper time to build for many years and building is consequently taking a start. The personal property assessment shows a falling off indicating that Andover citizens are either poorer than a year ago, or have invested more largely in non-taxable securities or have departed still further away from strict truth telling. Probably neither condition is exactly as suggested, but all exist to a greater or less degree, and serve to add still further argument for a more equitable assessment of a personal tax in Massachusetts.

Speaking of the Andover Press building reminds us that our readers who have been away from Andover for the past two months will see a great change on the Main and Chestnut streets corner when they return a week or so hence. The staging should then be entirely removed and the building well completed so far as its exterior construction is concerned. Within a few weeks we hope to present a cut and description of "the building that will show to our readers what is planned in this new addition to Andover's business blocks. While it is primarily a home for the Andover Press and its growing business, it is hoped to make the building in its broader usefulness, one of the really important town institutions. The arrangement of the offices and rooms will be planned to this end, and it is hoped and believed that the public will be quick to share in the conveniences that are to be designed for them.

With the highway commissioners, all of the representatives, and all of the leading North Andover citizens, united in their interest for a new state highway between North Andover and Haverhill, there ought to be little doubt as to its early construction. The "view" of the route was taken Monday under the most favorable conditions possible and aside from seeing the present highway gave the party an opportunity to see some of the attractive features of one of the most beautiful towns in New England. North Andover may well be called the "Lenox of Eastern Massachusetts" for not only has nature set it in a most picturesque way but her recent development has been along most attractive lines.

### State Highway in North Andover

Leading citizens of North Andover were the hosts and entertainers of the Highway Commissioners and a group of legislators and others at North Andover last Monday.

The party was there to inspect the route of the proposed state highway from Haverhill to North Andover and consisted of Commissioners McClintock, Parker and Manning, Speaker Cole, Mayor Wood, Representatives Morse, Tilton, Trudel, and Nason of Haverhill, and Porter of Amesbury, Selectmen Poor, Joselyn and Holt of North Andover, and Messrs. Gilman, Porter and Knipe of Haverhill, Gile, Goldsmith, Hayes, Chadwick and Barker of North Andover.

The various parts of the road were carefully inspected, the trip being taken in autos, and the party had lunch at the Country Club. It was not only a profitable but a most enjoyable day, thanks to the delightful hospitality of the hosts of the day, Messrs. Nathaniel Stevens, Sam D. Stevens and M. T. Stevens Jr., and Mr. Geo. E. Kunhardt.

## GRANGE FIELD DAY

Beautiful Places in North Andover Seen Under Most Inviting Conditions

No more delightful outing has ever attended the plans of the Andover Grange than that which was held on Tuesday as "Annual Grange Field Day."

For years the Grange has held an annual outing in which a line of farms, located within reasonable distance, have afforded opportunities for inspection that has proved enjoyable and instructive. This year the committee mixed the farm and "estate" by arranging for the day in North Andover where may be found as in no other part of Eastern Massachusetts, the well kept and successful farms and the modern type of magnificent gentleman's estate.

Starting from Grange hall at about nine o'clock the party of about fifty persons made their first stop at "River-view" the farm of James C. Poor. No farm and no farmer could be nearer the ideal than was found here. The broad acres were the measure of the broad hospitality, and the travelers were soon scattered all over the place. Some were most interested in the mammoth barn which stores a hundred and fifty tons of hay and which houses fifty head of cattle; others were quick to find the richly laden fruit garden where peaches, pears and apples hung in abundant and inviting quantities. Refreshments were served at the hospitable porch, and the hour went all too quickly before the call came for "all aboard" for the next point.

The second stop was at Osgood hall, the beautiful home of Hon. M. T. Stevens. The broad avenue of approach winding through brilliant foliage and inviting shade was the key to the charm and delight that was found in the home at the top of the drive. No thought had been entertained by the Grangers of doing more than driving through the beautiful grounds and seeing the attractive shrubs and flowers, but the hands of the honored host and hostess were at the door to welcome, and the house as well as the grounds were soon in possession of the party. No one on the trip will ever forget the hour at Osgood hall; the view and the trees and shrubs and flowers without, the pictures, the beautiful rooms and furnishings within were all enjoyed, but they were a small part of the impression that was left by the Osgood hall welcome.

The sons and daughters of the host saw that nothing was lacking to make the hour enjoyable to every member of the party, and no brighter memory will ever be recalled by those who were there than the memory of the warm and genuine hospitality of the host of Osgood hall whom all knew as the first citizen of Essex County but whom few had ever met in his home.

Another of the famous North Andover estates was to be visited before luncheon, and carriages were again taken, and the estate of Geo. E. Kunhardt was soon reached. Supt. Moxley was at the gate to welcome, and the points of beauty were shown to advantage under his pilotage over the extensive grounds and through the new residence in process of construction.

The house is nearing completion and promises to make one of the rare places of Massachusetts. No adequate description of the grounds, or the house with its many features, can be attempted here. All stand for taste and a love for the beautiful, and all will combine to make a house that will be one of the rare gems among the many attractive ones that are being erected on the high hills of old Essex County. At the suggestion of Mr. Moxley the drive to Foxgrove for dinner was abandoned and the trees at the Barker place were chosen instead for the dinner camping ground. Here the baskets were unpacked and such a bountiful spread as the Grange alone can provide was soon set forth. Mr. Moxley had yet another treat for his visitors in the shape of an abundant supply of ice cream which furnished the dessert for the dinner. A trip through the extensive hen yards and about the farm part of the estate was all that time would allow before a return was made to Mr. Poor's.

At Mr. Poor's a special car was found and the last visit of the day was to the great Wood worsted mill at Lawrence. Aside from the attraction of the mill itself there was an interest for every granger in the fact that their fellow member Benj. F. Smith, Jr., is the treasurer of this greatest mill in the world.

It was a tired but happy gathering that met at Grange hall in the evening after the strenuous day of sight seeing. The success of the day was largely due to the untiring labors of the committee, consisting of Milo H. Gould, S. H. Bailey, and Geo. L. Burnham, who have indeed set the pace for Grange outings.

### Mr. Whipple's New Fiat

Harlan W. Whipple, ex-president of the American Automobile Association, went over to New York last week and received his new 50-horse power Fiat, making the return trip to his country home in Andover over the road.

This machine is fitted with a touring runabout body and is an exceptionally handsome car. Mr. Whipple is going to keep his old 24-32 horsepower Fiat, in which he has travelled 12,000 miles throughout Europe and America, with absolutely no trouble of any kind. In his judgment the car has improved with age and is better today than ever.

Mr. Whipple expressed himself as being much interested in the coming Vanderbilt cup race, and thinks Lancia and Nazzaro will be among the first three.

### Entertained at Lakeview

Several of the town officials were very pleasantly entertained last evening by Chairman of Selectmen B. Frank Smith, at his delightful summer home on the shore of Haggrets Pond. Joseph T. Lovejoy entertained the gathering with readings and selections were rendered by a phonograph. Refreshments of ice cream, cake and lemonade were served.

The following gentlemen, conveyed in Higgins' barge, were present: Samuel H. Bailey, Walter S. Donald, Abraham Marland, George A. Parker, Chas. B. Jenkins, Nesbit G. Gleason, Joseph T. Lovejoy, Geo. L. Burnham, J. Harry Playdon, John E. Smith, Frank L. Cole, Lewis T. Hardy, James Saunders, W. L. Frye and Walter H. Coleman.

### Presented with Loving Cup

Andover Council No. 1078, Knights of Columbus, held a gala event Monday evening when a reception was tendered to several state officers and District Deputies William F. Sullivan of Lowell and Edward L. Arundel of Lawrence.

The first degree was exemplified on four candidates, refreshments were served and an interesting address on the benefits of being a member of the order was delivered by John T. Coyne.

A feature of the evening was two presentations. A valuable loving cup was given by the Council to District Deputy Arundel, who instituted the lodge six months ago. The presentation speech was made by Grand Knight John H. McDonald. Mr. McDonald received an elegant K. of C. ring, the presentation in behalf of the Council being made by David J. Bogan.

The state officers present were State Deputy Daniel F. Buckley, State Secretary William J. O'Brien and State Chaplain Rev. James N. Supple, all of Boston.

Although instituted only a few months ago Andover lodge is already in a flourishing condition with a membership of 110. The council has permanent quarters.

The committee in charge of the affair comprised: Patrick J. Dwyane, Dr. J. J. Daly, Patrick McGovern, John J. Hurley, John T. Coyne and John H. McDonald.

### An Old Andover Family

Andover has many children and grandchildren scattered over the country—occasionally one of them makes a pilgrimage to the old home. Joseph W. Emery, a business man in Quincy, Ill., with his wife (who was also a native of Massachusetts) and two children, spent a day in town last week. Mr. Emery was a son of Rev. Samuel Hopkins Emery, D. D., who entered Phillips Academy in 1824 (the same year as Oliver Wendell Holmes) at eight years of age, graduating in 1830 and afterward took the full course in the Seminary. He was a pastor many years in Taunton, and died in 1901. Dr. Emery was a son of Joseph Emery, who was steward of the Theological Seminary for twenty-five years in the early time, and who with his good wife, universally known as "Mother Emery," took most kindly care of the "theologues" in those days. The Illinois family visited the site of the old "common-house," back of Phillips Hall (saw the butternut tree which Phillips Emery brought from the "Master Foster" place and set out there in 1830), the house as it stands now on the corner of Main and Morton streets, the last residence of the grandparents on Central street (now Mr. Hitchcock's), and their graves in the Old South cemetery. This note is made with a feeling that it may interest a few of the "oldest inhabitants" who knew the Emery family of that long-ago time.

The Chase-Chase family reunion will be held at the Vendome, Boston, Thursday, Sept. 6.

### C. E. Labor Day Convention

There will be a county convention of Young People's Societies of Essex county, under the auspices of the Charles Perry Mills Local Union of Christian Endeavor on Labor Day, in the North church, Newburyport. Every society in the county will be invited.

The morning session will commence at 10 o'clock and the moderator will be Rev. Leslie Campbell Greeley. The topic will be "Local Unions."

12 to 2 p. m.—Lunch and pilgrimage. Afternoon, 2 to 5 p. m.—Rev. Arthur W. Cleaves, moderator.

Junior rally in charge of Miss Mary Hughes. Topic, "Relation of the Christian Endeavor to the Sunday School." Prayer meeting and Lookout conferences. County work.

5 to 7 p. m.—Supper and Social hour. Evening session, 7 to 9 p. m.—Rev. Howard S. Wilkinson, moderator. Consecration service. "Christian Citizenship."

The list of speakers and conference leaders will be published as soon as completed. It is expected that about 800 delegates will be present and bring a blessing with them.

### G. A. R. Reunion at Salem Willows

The annual reunion and field meeting of the Grand Army posts of Essex county will be held at Salem Willows, Sept. 8. It has been voted by the association of posts that Grand Army men attend in uniform and the several posts with colors. There are 3000 Grand Army men in Essex county.

The Essex county W. R. C., the Essex county association S. of V., Ladies of the G. A. R. and widows and daughters of deceased veterans are invited to attend this reunion. There will be a concert by a brass band furnished free by the street railroad company. The business meeting will be held in Pavilion hall at 2 p. m.

The officers of the Essex county association of G. A. R. posts are: John R. Merritt, Swampscott, president; Charles Butters, Haverhill, vice-president; Charles H. Jackson, Lynn, secretary; William H. Brown, treasurer. These officers with Col. J. Frank Dalton of Salem make up the committee on arrangements.

### Injuries Proved Fatal

Mrs. Louis S. Chase of Cambridge who was injured in an automobile accident at East Brookfield, Thursday, died Saturday morning at St. Vincent's hospital, Worcester.

The funeral services over the remains of Mrs. Chase were held at her late residence, 14 Appleton street, Cambridge, Monday.

The services were conducted by the Christian Science church. Mrs. Chase was a resident of this town for many years as Miss Hutchinson, having lived with her parents on Pundarch avenue, while attending Abbot Academy.

## COOK WITH GAS

THESE three words suggest a plan that reduces the drudgery of kitchen work about one-half. It offers a way to tired, worn out housewives to do their work, and still have time for rest, recreation, and permits escape from the hot, grimy stove with all its labor-making features. It means that you can cook better, quicker, and easier than on the best coal or wood stove you can buy. We sell Gas Ranges on easy terms or will give 10 per cent. discount for cash.

## Gowing Family Reunion

The eighteenth annual reunion of the Gowing family was held Thursday. The uncles, cousins and aunts were entertained by Mr. and Mrs. Henry E. Gould at their picturesque homestead on the State road in "Scotland District." About one hundred guests were present and a very enjoyable day was spent.

About one o'clock a bountiful repast was partaken of, the tables being set under the spreading elms.

After the dinner a business meeting was held, Mr. Oscar Gowing of Newbury presiding. A. G. Eames acted as secretary. Officers were elected as follows: President, Mr. Oscar Gowing of Newbury, Mass.; vice-president, Mr. E. C. Gowing of Tully, N. Y.; second vice-president, Frank H. Eames of Wilmington; secretary and treasurer, Miss Carrie M. Sual of Wilmington; executive committee, Mr. Aldie G. Eames of Wilmington, Mr. Robert H. Gowing of Wilmington, Mr. Lorenzo White of Wilmington, Mrs. Louise B. Burridge of Lowell, and Mrs. Addie Carter of Wilmington.

After the business meeting the company were entertained with readings by Miss Nellie Lamb of Somerville, Mr. Lovejoy of Andover, Mr. Eames of Wilmington and others. A poem was read by Miss Lucia Clark of Andover that was written by Mrs. Gould on the occasion of Mrs. Henry Gould's ninetieth birthday one year ago. Mrs. Gould, mother of the host, was the oldest person present. The youngest was Russell Carter, her great-grandson, 18 months old. Four generations were represented.

After singing "Auld Lang Syne" and other songs the company dispersed.

## Weddings

## MILLER-STANLEY

James Miller and Miss Dorothy Stanley were married at the Free Church parsonage, Wednesday afternoon, by Rev. Frederick A. Wilson. They were attended by Mr. Ernst, a friend of the groom, and Miss Stanley, a sister of the bride. They went to the parsonage in an automobile and after the simple ceremony, rode to Lawrence, where they took the train for a wedding tour. They will reside at 106 Farnham street, Lawrence.

## FAY-DEVANEY.

Miss Margaret Devaney of Salem street and Timothy Fay of Tenney street, Lawrence, were married in St. Augustine's church at 9 o'clock Wednesday morning. The ceremony was performed by Rev. Fr. McGowan in the presence of a large number of relatives and friends of the contracting parties. Miss Margaret Sheehan of Boston, a cousin of the bride, was bridesmaid, and James Mitchell, a cousin of the groom, was best man. The bride wore a gown of white silk and carried bride roses. The bridesmaid wore white muslin and carried tea roses. A reception followed the ceremony at the home of the bridegroom at 10 Tenney street, Lawrence. Mr. and Mrs. Fay left on a wedding tour and will be at home after Labor day.

## LEGAL-CRIMINAL

**Stensland's Clover Stealing.**  
In a report to the state auditor concerning the accounts of the wrecked Milwaukee Avenue State bank of Chicago Bank Examiner Jones estimates the total defalcations through President Stensland's manipulations at \$1,000,000. He considers it one of the most remarkable examples of concealed banking frauds. Notwithstanding these extensive thefts through forgeries Stensland was able to keep the books absolutely straight so as to throw all suspicion off the track. The bank examiner asserts that Cashier Hering perjured himself to the extent of more than a quarter of a million dollars in swearing to the January and April statements. The 22,000 depositors have held a mass meeting and formed an organization to defend their rights. Another suicide has been credited to this failure. Edward Kollerob, who had lost all his savings and was without means to support his family, killed himself at his home Aug. 20. The state's attorney announced that an effort would be made to indict the directors.

**Chain of Bucket Shops Fails.**  
The big bulge of railroad and industrial stocks since the Harriman coup was given as the immediate cause of the failure of some 300 illegal brokerage offices or bucket shops which have operated throughout the eastern and the southwestern sections of the country under the name of M. J. Sage & Co. At the parent house in Jersey City arrangements had been perfected for an assignment on Aug. 23 owing to the withdrawal of support by Al Adams, the rich policy king and ex-convict. It was estimated that the losses to the bucket shops and their customers will be between \$2,000,000 and \$3,000,000.

**Glucose Trust Backs Down.**  
At least one seller of poisoned candy in Philadelphia has been compelled to pay a fine, the F. W. Woolworth company and others have been held for trial, while the sugar brokers and representatives of the Standard Oil's Corn Products company have issued a circular saying that they have modified their process of manufacture so as to eliminate all presence of sulphur dioxide in glucose. Hereafter the glucose instead of being water white will be clear, but of a yellowish tinge.

**Indiana Versus Express Companies.**  
The Indiana railroad commission, through the prosecutor at Indianapolis, has brought suit to oust the Adams, American and United States Express companies from the city and forfeit their charters on the charge that they habitually violate the law requiring the delivery of packages within the corporate limits of all cities having a population of 2,500 or over. Suits were also begun for the \$500 penalty fixed by law. It appears that the express officials have fixed an arbitrary limit beyond which they refuse to deliver packages, thus requiring the consignors to pay an additional fee to other delivery companies.

**Another South Carolina Lynching.**  
Robert Ethridge, a negro who was identified as the assailant of a little white girl, the daughter of a well to do farmer of Mount Willings, S. C., was shot to death by the infuriated neighbors. The fact of the assault had been kept quiet so as to avoid possible intervention on the part of the state authorities.

On the same day a thousand citizens of Atlanta were scouring the northern part of the city for a negro who had assaulted two white girls, daughters of a prominent citizen near their home. The fact that there have been six criminal assaults on white women by negroes within three weeks greatly inflamed the spirit of race animosity, and one evening paper openly offered \$1,000 reward for the capture and lynching of the negro then at large.

**A Foreign Coin Counterfeiter.**  
The secret service men caused the arrest on Aug. 23 at New York of Captain George Boynton and members of a money press making firm on the charge of counterfeiting a foreign government's mintage. It appears that Boynton had started the mint of Venezuelan bolivars with a view to starting a revolution for the overthrow of President Castro.

**Notorious Swindler Freed.**  
Madam Diss de Barr, who became notorious as the spiritualistic adviser of the wealthy New Yorker, Luther R. Marsh, and who swindled many others by claiming to have occult powers, has ended her seven years' term of imprisonment in a London prison. While living with Theodore Jackson she and he were convicted of debasing practices under the name of the Theocratic unity. Jackson has still several years to serve.

## LABOR

**Open Shop on Carnegie Work.**  
It was announced at Pittsburgh that the construction of the new Carnegie Institute, which is to cost \$5,000,000, would be conducted on the open shop plan. The marble setters had withdrawn from their sympathetic strike on the Carnegie library and these men had been put to work.

**Alabama Miners Give Up.**  
The result of a referendum vote ordered by President Mitchell for the

union miners in Alabama is the decision to call off their strike on the Tennessee Coal and Iron company and other coal companies which has been in progress for over two years. This means that the men will return to work, although the mines concerned have been placed on the open shop basis. The strike involves 6,000 workers and cost the national organization more than \$1,000,000.

**Russell on Australia.**  
The so called labor government of Australia is the theme of the latest letter from Charles Edward Russell in his series for Everybody's. He says that the labor party of Australia is now fighting out the battle that we shall have to fight, that it is "the advance wing of the army that is trying to better conditions." All the stories about the ruin, bankruptcy, depression and retrogression in the Australian federation he found to be untrue. On the contrary, the country was never so prosperous. The false notions have been created in Europe and are the same "by which in our own country every man that attacks the prevailing order is covertly assailed and misrepresented and lied about." What the railroads and trusts are to America the great landed interests are to Australia. Mainly what the labor party has done is to pass graduated land taxes to force idle lands into the small farmer's reach, to regulate the employer's liability, to better conditions of mine and factory work, to exclude trusts, to give women equal rights, to limit hours of labor, tried to institute arbitration, to keep out colored aliens and to abolish Kanaka slavery.

## COMMERCIAL

**A Booming Stock Market.**  
Following the Harriman "killing" in Union Pacific and Southern Pacific stocks, which was said to have netted the longs something like \$25,000,000, trading became active all along the line. Many of the railroad and industrial stocks made new high records. It was apparent that at last the general public was regaining confidence and was buying.

**Chicago Banks Worth More.**  
The assessment made by the board of review on the Chicago banks and other fiduciary companies shows an increase of \$11,753,459 in valuation over last year. Of seventy-seven institutions sixty experienced a decided gain in stock, surplus or undivided profits.

**Ice Trust Famine Fake.**  
The manner in which the American Ice company, or Ice trust, sought to create an artificial famine for the purpose of boosting prices was revealed in the official report submitted by Commissioner Webb of the Rhode Island bureau of industrial statistics. He showed how the trust had deliberately restricted the supply by reducing the cut to less than 500,000 tons, whereas prior to 1900 the average annual cut was nearly three times as much.

**Voluntary Insurance Distribution.**  
The Metropolitan Life has announced the creation of an elaborate dividend system for the benefit of its industrial policy holders. This is voluntary, as it is a stock company. Five per cent will be added to the face value of five year policies, 6 per cent to six year policies and 1 per cent per year up to 27 per cent. Including some dividends to other classes of policies, this distribution is expected to amount to \$2,000,000 for the year.

**Platinum Prices Higher.**  
Owing to the revolutionary disturbance in Russia there is a marked scarcity of the metal platinum, from which country all of the supply comes. This has caused a rapid advance in the price. It is now 50 per cent higher than a year ago, and this in turn is forcing up the price of diamond jewelry, artificial teeth and many articles in the photographic, chemical and electric trades.

## INDUSTRIAL

**Alcohol Revolution Exaggerated.**  
The report of Internal Revenue Commissioner Yerkes, who was sent to Europe to investigate the uses of denatured alcohol, indicates that the promise of an industrial revolution through the placing of this article on the American free list is worthless. He says the fact is that alcohol has not yet been harnessed for effective and economical use in the industries. Nowhere in Europe do they propel autos with alcohol or use it for light or heat. The picture of the farmer distilling alcohol with which to operate his own farm implements is mere fiction.

**Colorado's Sugar Beet Crop.**  
It is estimated that this year's crop of sugar beets in the state of Colorado will be worth \$10,000,000, or a gain of \$2,000,000. Farmers say it beats wheat and corn. There are more than 2,000 helpers in the field harvesting the beet crop, and the wage total will reach \$1,500,000 during the next three months.

**Gould Lines Enter Oregon.**  
A San Francisco report says that the Gould lines have secured right of way across central Oregon to some point on the Snake river as a terminus for the Corvallis and Eastern road.

**To Use Steel Postal Cars.**  
The postoffice department announced that the Pennsylvania railroad had agreed to put in operation on all its lines the seventy foot all steel postal cars, with a view to protecting the lives of postal clerks.

**Chicago's Directory Census.**  
According to the 1906 city directory just completed, the population of Chicago is now 2,800,500. This is an increase of 25,500. The number of in-

crease has fallen off 510. The name of Johnson appears most frequently, there being 6,363 of the cognomen. The Smiths come next with 5,506, followed in order by the Andersons, Joneses, Browns and Sullivans.

## SOCIOLOGICAL

**A Civic Welfare Committee.**  
The Civic federation of New York city has appointed a general committee of sixty to aid in improving the working conditions in the various trades and institutions of the city. It includes many employers as well as officers of labor unions. Already the first subcommittee, that of the metal polishers, has reported statistics showing the need of ventilating devices in the work places of this craft.

**Glasgow's Street Car Success.**  
That the municipal street railway system of Glasgow, Scotland, could pay all operating expenses, cost of maintenance, taxes and so on and still make money on the basis of a universal one cent fare is shown by F. C. Howe in Scribner's. He figures that at this rate last year the profit would have been \$75,000. Of the 195,000,000 passengers carried 30 per cent paid 1 cent, 60 per cent paid 2 cents and only 10 per cent more than 2.

**Children's Right to Play.**  
A crowd of children called on Mayor Johnson of Cleveland to make formal protest against a rule of the police prohibiting them from playing on the streets. The mayor decided that where playgrounds are not provided for the children they have a perfect right to the streets of the city for their sports so long as they do no damage to person or property.

**Increase of Insanity.**  
Within the past decade the number of hospitals for the insane has more than doubled, says the census bureau, and the number of inmates has increased from 74,000 in 1880 to over 150,000 in 1904. It also appears that the rate of increase is higher for men than for women and higher for the laborer and servant class than for others.

**A Society on Social Hygiene.**  
The physicians of Chicago have begun the formation of an association whose aim is to restrict the spread of venereal diseases by rousing the public to the fact that the chief sufferers from such diseases are innocent women and children. In this they are following the example of Berlin, which has such a society with a membership of 5,000, and New York, which has its Society of Sanitary and Moral Prophylaxis.

**Parkhurst Defines Ownership.**  
In an article written for Munsey's Dr. Charles H. Parkhurst interprets ownership of property, according to the standards of Christian socialism, to be the equivalent of trusteeship or tenure in the interests of the family. Christian socialism, he says, is not communism nor negation of wealth nor denial of individualism, but is "the insistence upon individualism considered as means to wholesome collectivism."

## MISCELLANEOUS

**Valparaiso's Awful Plight.**  
Under command of government troops, the earthquake and fire devastated city of Valparaiso, Chile, began the tremendous task of caring for the thousands of homeless and destitute residents, burying the dead and restoring order. Looting was checked by rigorous measures, more than 150 robbers being summarily shot. The government promptly appropriated 4,000,000 pesos with which to begin relief and reconstruction works. The number of dead is not yet officially reported, but is likely to exceed 1,000. Estimates of the property loss vary from \$100,000,000 to \$150,000,000. For a week after the first great shock there were numerous seismic disturbances, as was the case after the San Francisco earthquake. The worst damage was done in the thickly populated section of the city, which rests on made ground. Offers of relief contributions had been received from all parts of the world. Already 30,000 refugees have arrived at Santiago. The streets are still in darkness and nearly impassable owing to the debris of fallen buildings. Several smaller towns in that section suffered heavily. Suffering of the homeless thousands was intensified by the wintry rains which prevailed.

**Dowle and Voliva.**  
An agreement has been reached by which John Alexander Dowle is to remain the first apostle of the Christian Catholic church while he lives, and Wilbur Glenn Voliva is to have charge of the temporal affairs and become the general overseer.

**Socialists as Partisans.**  
President Detrey of District 7, United Mine Workers, was nominated by the Socialist party of Luzerne county, Pa., after which he declined a nomination for the same office by the Labor party. He announced that the salvation of the wage earners was to be found in the Socialist party.

**Deaths.**  
Michael F. Dwyer, for many years a leading figure on the turf, died at his home in Brooklyn from paralysis.

Louis Morrison, the well known retired actor, died at Yonkers, N. Y., after having undergone an operation. He was associated with Booth, Forrest and Salvini and other noted stars.

## TUMORS CONQUERED

**SERIOUS OPERATIONS AVOIDED.**  
Unqualified Success of Lydia E. Pinkham's Vegetable Compound in the Case of Mrs. Fannie D. Fox.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy, Tumor.

The growth of a tumor is so slow that frequently its presence is not suspected until it is far advanced.

So-called "wandering pains" may come from its early stages, or the presence of danger may be made manifest by profuse monthly periods, accompanied by unusual pain, from the abdomen through the groin and thighs.

If you have mysterious pains, if there are indications of inflammation or displacement, secure a bottle of Lydia E. Pinkham's Vegetable Compound right away and begin its use.

Mrs. Pinkham, of Lynn, Mass., will give you her advice if you will write her about yourself. She is the daughter-in-law of Lydia E. Pinkham, and for twenty-five years has been advising sick women free of charge.

Dear Mrs. Pinkham:—  
I take the liberty to congratulate you on the success I have had with your wonderful medicine. Eighteen months ago my periods stopped. Shortly after I felt so badly that I submitted to a thorough examination by a physician and was told that I had a tumor and would have to undergo an operation.

"Soon after I read one of your advertisements and decided to give Lydia E. Pinkham's Vegetable Compound a trial. After taking five bottles as directed the tumor is entirely gone. I have been examined by a physician and he says I have no signs of a tumor now. It has also brought my periods around once more, and I am entirely well."—Fannie D. Fox, 7 Chestnut Street, Bradford, Pa.

## METHUEN.

**DEATH OF MRS. DERBY.**  
Mrs. Priscilla, widow of Elmore Derby died Sunday at her home, 20 Broadway. Mrs. Derby was one of Methuen's well known residents, having lived here for a great many years, her home being on Park street until a few years ago. She resided out of town for a short while and then took up her residence on Broadway. Her husband died about 15 years ago. He was for many years a hatter but later was engaged as janitor of the East school building. Mrs. Derby was 65 years of age and had been in fairly good health until a short time before her death. She leaves no children. For many years Mrs. Derby was a regular attendant at the Baptist church. The funeral was held Tuesday afternoon at 2 o'clock. Burial took place in family lot in Walnut Grove cemetery.

Mrs. Olive Sillaway of Billerica, Mass is visiting friends in town.

Percy Parshley of Beverly spent Sunday with his parents on Oakland avenue.

Miss Lizzie Huggs formerly of this town is spending a few days here with friends.

Frank Remick of High street spent Sunday with his family who are spending the summer in Kittery, Me.

Principal Caleb A. Page of the local High school has returned to his home on Pleasant street after spending a few weeks with relatives and friends in Maine.

Miss Elsie Gaskin of West Derby spent Sunday with friends in town. Miss Gaskin is the daughter of Rev. Mr. Gaskin who was a former preacher at the First Universalist church in Methuen. Miss Gaskin is librarian of the Public Library in Derby.

An addition is soon to be made to the building now occupied by Joseph Morache and Co. The rear part of the building is to be taken down and a main building and a new flight of steps erected. In the new part of the building there is to be placed another large oven and all the modern improvements. Since the firm has been located in this town the business has been steadily increasing and in addition to the carts already in use a new one has been added. The new wagon was made at the shop of Peter Graham, the local blacksmith on Broadway.

Saturday evening Miss Bertha Fisher was tendered a shower by a number of her former classmates and friends. The arrival of the visitors was a complete surprise to Miss Fisher. A number of poems accompanied these presents many of which were very amusing to the gathering. After the articles had been examined and the poems read by all present, those in attendance were entertained by selections from a photograph and also by songs sung by the different persons present. The party broke up at a reasonable hour, all expressing themselves as having spent a most enjoyable evening.

Saturday afternoon the baseball team of the Guiding Star I. O. G. T. went to Nashua to play the team of the Mayflower lodge of that city. The score was Nashua 16; Methuen 13. There were a number of errors and had the local battery resolved good support the team would have no doubt been victorious. Nashua secured 15 hits from Ganley while Methuen knocked out 21 hits. The lineup for Methuen was as follows: Shearer c Ganley p. Ayer ss. W. Robinson 1b. Guard 2b. Tanner 3b. Dion lf. The team has made a good showing this year, holding second place in the league standing. Next Saturday the team will play Haverhill at Methuen.

West Newbury ..... 1

**ESSEX COUNTY SHOE BUSINESS.**  
Lynn is the center of the greatest shoe and leather district in the world. It has large enterprises and large factories that make it the leading shoe city, and in the cities and towns about it are factories and enterprises of great magnitude. Figures showing the great volume of business done in Lynn and vicinity have been obtained from the recent year book of Hile and Leather, and other sources, and show a volume of business for Lynn and vicinity that will surprise even enthusiastic Lynnians.

In Lynn and vicinity are about 1000 firms engaged in the shoe, leather and allied industries. Essex county alone has nearly 900 firms engaged in the shoe, leather and allied industries. These Essex county firms do a business of more than \$100,000,000 annually. It is estimated, and pay out about \$25,000,000 in wages to about 50,000 workers. About one-eighth of the people of Essex county are engaged in the shoe, leather and allied industries.

Besides the large volume of business done in Essex county a great deal of business is carried on in cities and towns near Lynn, but in other counties. Chelsea, Everett, Wakefield, Reading, Stoneham and Woburn have large shoe and leather interest, and are in close touch with the Lynn trade.

Twenty of the cities and towns in Essex county carry on industries connected with the shoe and leather industry, and in the remaining cities and towns are many men who work at the shoe and leather industry. The county has 292 shoe firms, and 879 firms engaged in the shoe, leather and allied industries.

The following table shows the cities and towns of the county engaged in the shoe and leather and allied industries. The first column shows the number of shoe firms each place has, and the second the total number of firms of all kinds in the shoe, leather and allied industries.

Amesbury ..... 0  
Andover ..... 1  
Danvers ..... 5  
Georgetown ..... 6  
Lawrence ..... 1  
Lynnfield ..... 1  
Marblehead ..... 22  
Middleton ..... 1  
Ipswich ..... 0  
Newburyport ..... 8  
Rowley ..... 2  
Topsfield ..... 6  
Salem ..... 13  
Lynn ..... 124  
Peabody ..... 1  
Haverhill ..... 84  
Beverly ..... 17  
Saugus ..... 0  
Gloucester ..... 0

Total ..... 292

Lynn has more than one-third of the firms in the county, and just short of one-half the shoe firms. Haverhill and Lynn together have more than one-half the firms in the county. Amesbury is a leading carriage center, and uses much carriage leather, but its carriage firms are not counted in the above list. Gloucester used to have a shoe firm, but its one house now connected with the shoe and leather trade is a concern that makes oils.

## LAWRENCE

## LOCAL MAN ELECTED CHIEF.

Frank L. Calderwood was further honored Tuesday by being elected chief of the Essex County Veterans Odd Fellows association at its annual convention held in Odd Fellows hall, Lawrence. Other local members of the order were chosen to the board of directors. The business session was opened at 10.30 o'clock. At 12.30 o'clock adjournment was made for dinner, which was partaken of at the Essex house.

The day being unusually pleasant a large number of the members of the association together with their wives were present at the session from the different cities and towns in the county. The morning session was opened with prayer and scripture reading. An opening address was made by the retiring chief, Charles B. Fowler, of Salem. Rev. Samuel C. Beane, D.D., pastor of the Unitarian church, this city, delivered a very interesting address on general Odd Fellowship. Upon the announcement of his election to the leading office in the association Mr. Calderwood made a speech in which he thanked his brother Odd Fellows for the honor which had been bestowed upon him. Past Grand Philbrick of the Lawrence lodge, I. O. O. F., of this city, was another to make remarks.

The secretary, N. S. Heron of Beverly in his annual report stated that six members had died during the past year. It was also reported that 21 new members had been received into the association. The morning reports made were accepted as read.

At the hour of adjournment those present in convention formed in line and marched by two's up Essex street.

## SUMMER HOME IN PRINCE EDWARD'S ISLAND.

E. A. Archibald of Methuen has acquired a most delightful summer residence "The Rowans" situated at Victoria, Prince Edward's Island, and formerly owned by J. S. McQuarrie. Mr. Archibald has recently enlarged and renovated the cottage and with its beautiful natural surroundings of cherry and apple trees, rowans, sumacs and other shrubbery, forms a rural summer home not excelled on the island.

The cottage is located on the north shore, and the strait side of the Island where a number of others form a summer colony who revel in the beauties of nature to be found in this spot. Here the temperature rarely rises above 80 in the shade in the hottest part of the summer, the evenings are delightfully cool, and there is a complete absence of the blood thirsty and ubiquitous mosquito. These Crapaud River on the East and Victoria Harbour on the South offer excellent facilities for bathing and boating. A daily mail, telephone connections with all parts of the Island, a steamer from Charlottetown making two return trips each Saturday, and stage connection with Bradalbane Station on the P. E. I. railway may also be mentioned among the advantages of this most desirable location. The one thing necessary to perfect Victoria as a summer resort is a railway, either steam or electric, connecting with Summerside or Charlottetown, and if the government could see its way to thus facilitate travel it is possible that in a short time many others might be induced to follow Mr. Archibald's example and spend their summers away from the heat and flies, in Victoria.

## NO FORMAL LABOR DAY CELEBRATION THIS YEAR.

The Central Labor union held its regular meeting Sunday afternoon and 125 delegates representing 28 unions answered the roll call.

The delegates to attend the convention of the state branch of the American Federation of Labor, which will be held in this city from October 8th to 11th, 1906, were elected. After a spirited contest Leon Thompson of the Painters and Decorators union and William G. Kennedy of the Wool Combing Section Hands and Fixers union were elected. As alternates John F. McCarthy of the Stationary Firemen's union and J. T. Newall of the Granite Cutters union were chosen. New delegates were seated from the Granite Cutters union and Iron Moulders union.

Several delegates made reports for their respective trades and all showed that business is brisk.

The positions of recording and corresponding secretaries were merged into one and B. J. Keaveny was chosen to fill them.

The report of the auditors shows the finances of the union to be in the best of shape.

This year the Central Labor union knowing the condition of the city's finances concluded not to ask for an appropriation for Labor Day. It has been the annual custom of the city government to appropriate \$1,000 for the proper observance of the day, but this year no appropriation will be asked for, and so the C. L. U. has voted to give up any idea of a general Labor Day celebration, though several of the unions will celebrate the day with picnics and field days.

## VETERAN FIREMEN'S MUSTER AT SALEM.

The Salem Veteran Firemen's association is quietly at work on the veteran firemen's muster to be held in this city, Tuesday, Sept. 11. The muster committee is composed of President Joseph H. Miller, chairman; Chas. W. Getche, secretary; and Eben S. Lord, treasurer. All are hustlers, and they will leave no stone unturned to make the muster as complete a success as was the New England muster in this city, Aug. 20, 1903. Subscriptions are being solicited, and the committee is confident of good success. All firemen intending to take part in the muster may feel assured of a good old Salem welcome.

Six hundred and sixty dollars in prizes will be given, and will be divided as follows: First, \$250; second, \$100; third, \$75; fourth, \$50; fifth, \$25; sixth, \$25; seventh, \$10. As a special prize for the company coming the longest distance, a span of horses will be furnished free. No entrance fee will be charged, and the entries will close Monday evening, Sept. 10, at 8 o'clock.

The muster will be held Sept. 11, regardless of the weather. The playing will be on Salem Common, the engines being stationed at a cistern in the corner of Winter street and Washington square. Ample police arrangements will be made to insure the hose and stream enclosure being kept clear, none but authorized persons being allowed therein. This rule will be strictly enforced.

There will be a parade, starting a short distance from the railroad station at 10 A. M. All engines must be in parade in order to compete for prizes. Ex-Mayor Jos. N. Peterson will be chief marshal and Maj. Philip Little chief of staff.

Drawing for playing positions will take place at the headquarters of the Salem Veteran Firemen's association, 129 Washington street. If no one is present to draw for an organization, the management will select some one to do so. Companies desiring horses to draw their engines in the parade will be furnished the same at reasonable rates on application to the secretary of the committee.

## JUDGE DECOURCY TO PRESIDE AT SUPERIOR COURT SESSION.

The first court sitting in this county this fall will be the criminal court in Lawrence, opening the second Monday in the month, Sept. 10.

The grand jury will convene that day and sit one week. The trial jury will come in the following Monday.

During the first week Judge Decourcy, who is to preside over the sittings, will hold a jury waived civil session, while the grand jury is in session, for divorce, equity and common law cases.

The first sitting in Salem will begin the third Monday of September for two weeks, being a jury waived session with Chief Justice Alken presiding.

The criminal court will adjourn from Lawrence to Salem the last of September and sit there two or three weeks in October.

A jury sitting of the superior civil court will open in Salem the first Monday in November, Judge Hitchcock presiding. This is a new sitting and will last three weeks.

We stop on the sidewalk and look at the man who is digging the narrow, deep, long excavation.

"Is somebody going to establish a cemetery here?" we asked in surprise.

"What?" replies the man with the spade. "Now! this is the basement for the new vestibule apartment house!"—Puck.
